

Physician Family Practice Available

The **Mount Forest Family Health Organization (FHO)** is currently recruiting a Family Physician to replace one of our group of seven physicians providing care to Mount Forest, Wellington North Township and surrounding communities. The practice has 1,250 rostered and 285 non-rostered patients.

The physician group provides care in-office, as well as at Louise Marshall Hospital. At the hospital, physicians provide inpatient, low risk OB and emergency department care under a rural health model. Some of the members of our team also provide care for LTC patients, the oncology satellite clinic, and surgical assistance. ER shifts are currently 24 hours and are funded through AFA. OB/SDC is funded through HOCC.

The Mount Forest FHO doctors work alongside the Family Health Team (FHT) with a number of health professionals including Nurse Practitioners, Mental Health Therapists, an Outreach Team, Nurse Clinicians, Dietitian, Kinesiologist, Occupational Therapist, Pharmacist as well as a telemedicine program.

Louise Marshall Hospital in Mount Forest (LMH) is part of the Wellington Health Care Alliance, working closely with Groves Memorial Community Hospital in Fergus and the Palmerston and District Hospital in Palmerston. Construction on the new Emergency Department and Ambulatory Care expansion is now complete. The overall size of the hospital has increased from 45,000 sq. ft. to 57,000 sq. ft. and much of the existing space is renovated.

LMH has 15 inpatient beds with services including a full ER Department, 24h Laboratory, Diagnostic Imaging with x-ray and ultrasound (with access to CT via Groves) and Obstetrics/Gynecology.
